

A photograph of three students walking away from the camera down a school hallway. The student on the left is a girl with blonde hair in a ponytail, wearing a pink t-shirt and a patterned skirt. The student in the middle is a girl with long dark hair, wearing a patterned shirt. The student on the right is a boy with dark hair, wearing a blue shirt. The hallway has large windows on the left and a white wall on the right. The image is overlaid with numerous horizontal, multi-colored digital glitch lines that create a sense of motion and digital disruption.

Preparing for the Every Student Succeeds Act (ESSA) Accountability System Restart for the 2022–23 School Year

Overview

IN THIS PRESENTATION

- NYSED Values Guiding Accountability Restart
- Stakeholder Engagement
- Accountability Restart Timeline
- Accountability Restart Plan for the 2023 School Year (SY) using 2022 SY Results
 - Identification Criteria for Accountability Determinations
 - Accountability Indicators
 - Status Removal Criteria
- Support for Identified Schools and Districts
- Additional Resources
- Next Steps

NYSED Values

Guiding
Accountability
Restart

Stakeholder Engagement

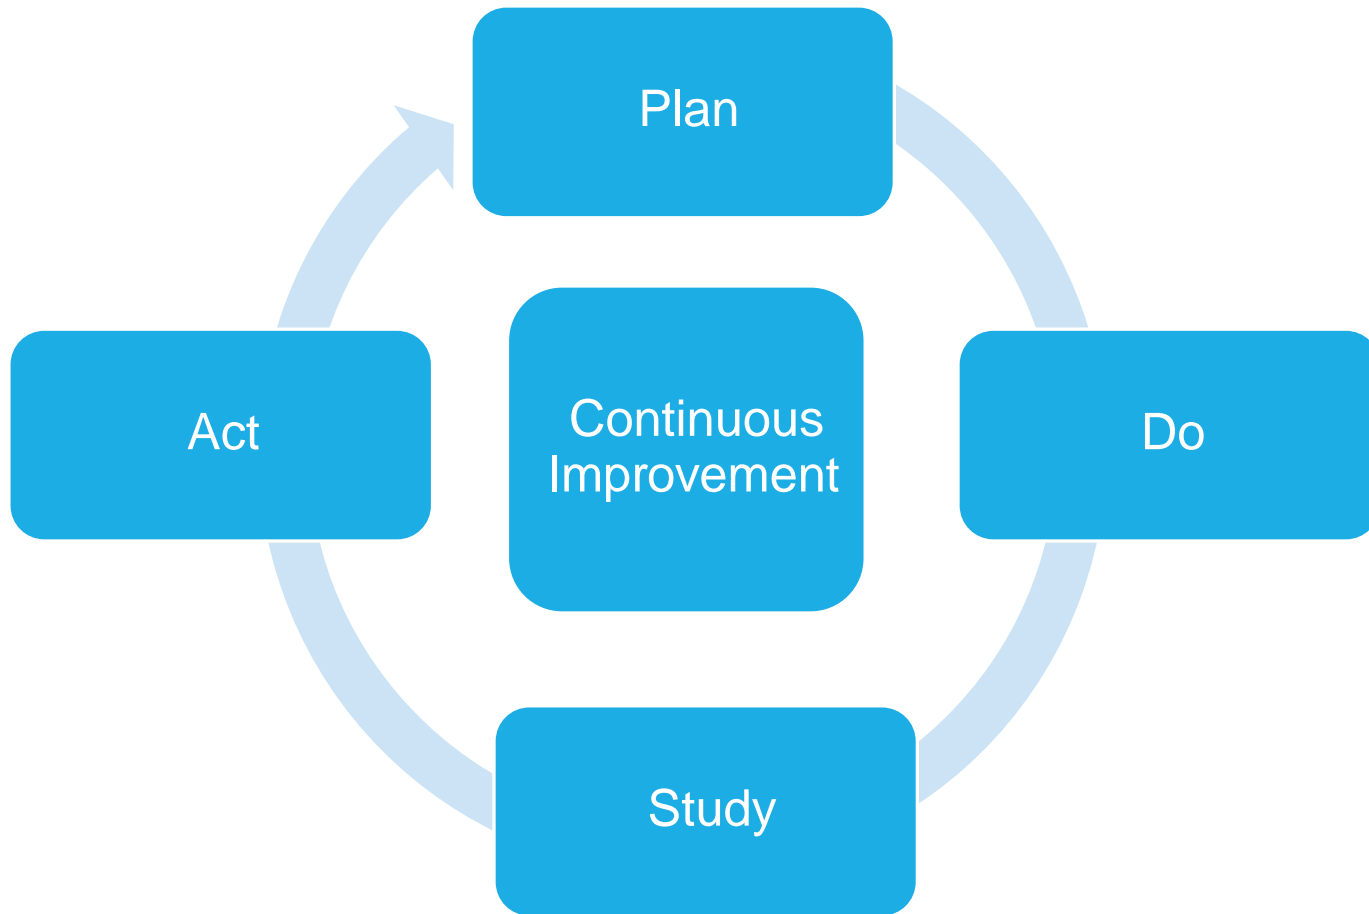

Accountability Statuses

Schools are identified for:

- Comprehensive Support & Improvement (CSI)
 - Bottom 5% of low performing schools
 - Schools whose All Students year graduation rate is less than 67% (5 and 6 year graduation rate not 67% or more)
- Additional Targeted Support & Improvement (ATSI)
 - Schools identified as TSI in the 2018 school year
 - These schools were in Priority or Focus status prior to becoming TSI, therefore had a history of low performance
 - TSI schools identified in the 2019 school year and the subgroup meet the CSI criteria on the Scenario Table based on 2023Y results
- Targeted Support & Improvement (TSI)
 - Schools with low performing subgroups that met the scenarios for two years
 - Schools identified for Potential TSI (PTSI) based upon 2018 school year results that meet a scenario based upon 2021 school year results

Local Support and Improvement (LSI)

Plan Amendments: Identification Methodology

Identification Method for
2022-23 School Year
Determinations:

Elementary/Middle Level CSI/TSI Scenario Table					
Scenarios	Current Status	Weighted	Core	ELP	Chronic Absente.9 (d)]T60 1 263.130

Support Model	Identification Method
Comprehensive Support and Improvement (CSI)	<ul style="list-style-type: none"> Beginning with the lowest numbered scenario, the Department will identify at least 5% of Title I schools for CSI. Elementary/middle schools are preliminarily identified for CSI if the All Students group meets the applied scenarios in the Elementary/Middle School CSI Identification Scenario Table. High schools are preliminarily identified for CSI if the All Students group meets the applied scenarios in the High School CSI Identification Scenario Table.
Targeted Supported and Improvement (TSI)	<ul style="list-style-type: none"> For purposes of identifications based on 2021 SY results, the “past two years” means results from the 20189 and 202122 school years. All the scenarios, except the highest scenario used to preliminarily identify schools for CSI are used to preliminarily identify schools for TSI. If an accountability subgroup that was identified as Potential TSI during the 202122 SY meets one of the scenarios based on 2021 SY results, then the subgroup (and the school) is preliminarily identified for TSI.

Plan Amendments: Identification Methodology

IDENTIFICATION METHOD FOR ~~2022~~ SCHOOL YEAR DETERMINATIONS

Plan Amendments: Identification Methodology

IDENTIFICATION METHOD FOR 2022

Support Model	Identification Method
Recognition School	No Recognition School determinations will be made using 2022 SY results.
Local Support and Improvement (LSI)	A school that is not identified for CSI, ATSI, or TSI is identified for LSI for the 2022-23 SY.
LSI: Potential TSI (LSI: PTSI)	If a subgroup (other than the All Students group) was in Good Standing status during the 2021 SY meets one of the scenarios used for identification of subgroup for TSI based on 2021 SY results, then the subgroup is identified as Local Support and Improvement: Potential TSI.
LSI: Potential Target District (LSI:PTD)	Two Ways for Identification: <ul style="list-style-type: none"> • If the district's subgroup meets the Scenario criteria used to identify schools based on 2021 SY results for that subgroup. • If a district has a school with a subgroup identified for "Local Support and Improvement: Potential TSI."

Plan Amendments: Identification Methodology

IDENTIFICATION METHOD FOR ~~2022~~ SCHOOL YEAR DETERMINATIONS

Schools Previously Identified for CSI	Schools Identified for CSI in Fall 2022
<p>For schools previously identified for CSI that are not identified using CSI identified criteria based on 2021-22 SY data may exit by meeting either of the following:</p> <ul style="list-style-type: none"> • Wei (t)6.3following: 	

Plan Amendments: CSI Exit Criteria for the 2022–23 SY

Plan Amendments: TSI, ATSI, and Target District Exit Criteria for the 20~~22~~²³ SY

School and District Supports

SUPPORT OPPORTUNITIES

1. Ongoing Field Support
2. Network Convenings
3. Professional Learning
4. Coaching

<http://www.nysed.gov/accountability/school-support>

FUNDING

- School Improvement Grant (SIG) Basic allocation increased to \$225,000 per school identified for CSI
- SIG Coaching for Excellence
- Non-Receivership Schools Identified for CSI will receive up to \$100,000 for instructional coach
