Good morning,

I am sorry to pester you but I am being asked for this analysis by representatives from New York State and the Comptroller's Office.

Can we talk?

Ms. Hatalski

Respectfully, I would again say that these items are not...

Good morning, Richard,

As indicated in my email to you on August 17, 2021, forecasting PILOs is a process that begins with the Assessor's 3300 report, which was sent to the School district in July. The report is utilized to verify the exemption of the property and to annually update any changes to the Assessed Value of the Property.

Good morning,

I am following up again on this very important matter

PILOT payments are a major variable used in calculating the school tax levy and tax rates. The District needs prospective data on all future PILOT payments in order to properly plan our finances, As you know, SED and the New York State

Comptroller's Office have made numerous request for the district to obtain this data.

In my prior experience both the Town of Babylon and Islip in cooperation with the IDA, have obtained this data

Subject: RE: Taxable Assessed Valuation - Wyandanch School District

Marianne

Can you help us with this? Perhaps you know a contact at the IDA that is aware of how our PILOTs are planned out and structured?

Thank you
