How to Use this Guide

The New York State Education Department strongly believes that the education of the child does not happen only in the classroom, but also in their homes and communities. This directory provides a list of community-based organizations in the [Mid-State region](#) that offer a variety of services that may be of use to immigrant New Yorkers.

- ™ The directory lists the name of the organization, location, contact information, a brief description of the services offered, and the languages in which these services are provided.
- ™ Organizations are arranged alphabetically.
- ™ Most of the listed services are free. However, some are not. You should always confirm the cost with the organization prior to using their services.
- ™ To ensure availability of programs, it is recommended that you call the organization in advance.

The symbols highlighted next to each organization represent the services it provides.
