Teacher and Principal Evaluation System

Continuing Guidance on the Submission of
Evaluation Data under Education Law 3012-e:
Tips for Submission

Educator Evaluation Data Collection

Educator evaluation data scores and ratings can be submitted to the Department through the October deadline.

Educator evaluation data elements to be submitted include:

- Final standard ratings for each NYS Teaching Standard/Professional Standard for Educational Leaders (PSEL)

- Overall rating

The "Statement of Confirmation of Verification Report" is due one submission deadline.

Educator Evaluation Summaries

Educator Evaluation Summaries for LEAs are organized by groups of educators based on the measures, corresponding standards, rating process, and evaluation cycle information from the current STEPS plan.

Educator Evaluation Summaries are available for each LEA through [SED Monitoring](#) in the Educator Quality portal.

Educator Evaluation Guidance

[Educator Evaluation Guidance: Education Law §3012-e](#)

Tip 1: Incomplete Final Standard Rating(s)

If an educator is missing one or more prescribed final standard rating(s) because one or more evaluation measure was not completed:

Do not submit ratings for the missing standard(s);

Do not submit an overall rating at the conclusion of the evaluation cycle.

Example

Per the current STEPS plan, a teacher is rated on all standards and receives an overall rating in the applicable year, but was out on parental leave, so did not have the required number of observations and the teacher portfolio could not be completed.

Observations are to be used to rate standards I and III and a teacher portfolio contributes to rating Standards III and VII

A parent survey was used to rate standards I, II, IV, V, and VI.

This teacher should be submitted with ratings only for those standards based solely on the parent survey and should not have an overall rating.

The evaluation record should contain scores for standards II, IV, V, and VI only, as these are based wholly on a parent survey.

Tip 2: Overall Rating

Example #2a: Overall Rating (Complete Evaluation)

All prescribed final standard ratings are complete and the evaluation cycle concludes in the applicable year.

Action: report all prescribed final standard ratings and an overall rating

Example: Probationary teachers are required to receive a final rating for all standards and an overall rating on an annual basis.

Incorrect – missing an overall rating

Correct t be sure40 re 8l 1 07.04 Tf 1 0 0 1 951 0 0bm TJ i0 0 6 ET Q q 0.00001107.59

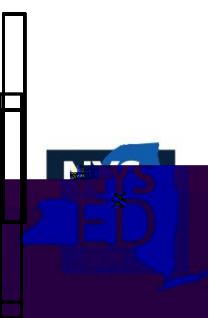

Example #2b: Overall Rating (Complete Evaluation)

All prescribed final standard ratings are complete and the evaluation cycle concludes in the applicable year.

Action: report all prescribed final standard ratings and an overall rating

Example: Per the current STEPS plan, the evaluation cycle for a tenured middle school teacher prescribes final ratings for standards II, IV, V, and VII in year two of a two-year evaluation cycle. Since this is the final year of the cycle, an overall rating should also be given.

Incorrect – missing an overall rating

Example #2c: Overall Rating (Missing Final Standard Ratings)

A probationary principal is missing ratings for standards 2, 8, and 9 because the student survey measure was not complete.

Action: report only the ratings for standards 1, 3, 4, 5, 6, 7, and 10, which were based on measures other than the student survey and do not submit an overall rating

Incorrect

PS1_ MISSION AND VISION	PS2_ PROFESSIONAL ETHICS	PS3_ EQUITY AND CRSE	PS4_ SYSTEMS FOR ACADEMIC SUCCESS	PS5_ SCHOOL COMMUNITY	PS6_ HUMAN CAPITAL	PS7_ PROFESSIONAL COMMUNITY	PS8_ FAMILY AND COMMUNITY	PS9_ OPERATIONS AND RESOURCES	PS10_ CONTINUOUS IMPROVEMENT	OVERALL RATING

3	X	3	4	4	4	3	X	X	3	X

Tip 3: Zero Is Not a Valid Rating

STEPS plans include a level one to four rating system. All standards and overall ratings should be a numerical value of 1, 2, 3, or 4.

A zero should not be used to represent a missing rating.

If an educator is missing one or more prescribed final standard ratings, such ratings(s) should not be submitted, and an overall rating should also not be submitted.

Example #3: Zero is Not a Valid Rating

Tip 4: Completeness of Data

Please be sure to submit data for all teachers and principals in the LEA subject to evaluation under Education Law §3012-e.

Tip 4: Completeness of Data

Please be sure to follow the evaluation cycle described in the STEPS plan when rating standards and assigning overall ratings.

Probationary educators are required to be rated on all NYS Teaching Standards/PSEs and receive an overall rating on an annual basis.

Tenured educators must be evaluated on all NYS Teaching Standards/PSEs across an LEA-determined annual or multi-year evaluation cycle and receive an overall rating at the conclusion of that cycle.

Consult the current STEPS plan to determine the length of the evaluation cycle for tenured teachers and which standards are rated in a given year.

Example #4a: Educator with No Evaluation Data

A principal is subject to evaluation under Education Law 3012-e, but does not have any final standard ratings to be reported (e.g., the principal was out on medical leave for the majority of the school year).

Action: this principal will not be included in evaluation results submitted to the Department

Example #4b: Evaluation Cycle
