How administered: Administered in single or double periods during the first week of school. Test mode are provided to students in an alternation extrapy.

How scores are reported: Scores are reported on the SLO data sheets intactive interestated with administrators. Scores may be placed on School Tool, our student management system. How implemented: Assessments are implemented by the sound of the second until administration obcuments from NYSED. All exams are second until administration day.

Please provide an overview of the summing two organic model of tarties security possible SLOs for districts the 2000 cacher-level scores are aggregated to the sease teacher-level scores, and now mose teacher-level scores are converted to the year 2000 converted to the year.

At the beginning of the year, students are given a passessment which contemporalistics the sause. Targets are pasticularly indept to include student's previous grades, in the conserver and to include student's previous grades, in the conserver and the conserver as baseline data. Teachers set growth targets are not mane are reductive assessment. Expression also provided the conserver assessment. Expression assessment. Expression also provided the conserver assessment.
