PAR applies to grades Kindergarten through 12<sup>th</sup> grade only. Do not include enrollment of nursery school or Pre-K students and teachers, post graduate students or pupils with disabilities who are enrolled pursuant to a contract with a public school district or the State Education Department. Kindergarten students are defined as those children who are, or turn five years of age by December 31 of the school year in question.
  
2. **Elementary and Intermediate Assessment in English Language Arts and Math (EIA).** Grades 3 through 8 Math and English Language Arts (ELA) tests must be administered and reported to the New York State Education Department's Office of Information and Reporting Services through a contract with a Regional Information Center (RIC) for scanning and reporting in the Student Repository System (SIRS). Nonpublic schools must adhere to the required deadlines and follow the RIC's conditions for acceptance of material in order to have their scores reported and reimbursed. Proof of mailing should be maintained by the school, as well as a record of the students' scores and a copy of answer sheets. (Printing costs are reimbursed at the rate of \$86 per grade for those schools that do not have their tests graded by a Regional Scoring Center.) The website for the Office of Curriculum, Assessment and Educational Technology at [NYSED P12 Assessment](#) will contain the schedules and information about the administration of these tests.
  
2. **Basic Educational Data Systems (BEDS).** Basic school, staff and pupil information must be reviewed and updated, and the BEDS Report of Nonpublic Schools must be filed with the New York State Education Department by the established deadline in order to receive Mandated Services reimbursement. For more information about this mandate go to: [NYSED IRS Beds](#). Include only those teachers that participated in Pupil Attendance Reporting (PAR). Do not include Pre-K teachers in your claim.
  
3. **Regents Examinations (RE).** Regents exams must be administered, scored, the results interpreted, and reported in level 0 of SIRS. Nonpublic schools that administer any of the Regents Examinations must contract for data collection, scanning, and reporting services with a RIC. Nonpublic schools must adhere to the required deadlines and follow the RIC's conditions for acceptance of material in order to have their scores reported and reimbursed. Proof of mailing should be maintained by the school, as well as a record of the students' scores and a copy of answer sheets. Please note that the online system will populate your Regents counts with the number of exams that your RIC reports to the State which does not include retesting of students. Schools are eligible to receive reimbursement for all tests administered in accordance with all rules, including retesting, so the school should claim any retests and be prepared to submit supporting documentation if requested. Reporting correctly in Level 0 will accomplish this task.

Do not claim examination results for students enrolled in other schools, even if the students attended class and/or were tested in the nonpublic school. The principal of the school where the student is enrolled is responsible for reporting the examination score and the school where the student is enrolled receives the mandated services aid for the

For additional information on SIRS data collection, see the 2013-14 Student Information Repository System (SIRS) Manual at [NYSED IRS SIRS](#). Schools may also contact their RIC regarding procedures for reporting test results. Please note that the administration of the Second Language Proficiency (SLP) exam is not a reimbursable expense.
