Y10 Allocation (Current Year)

The per-pupil amount is then multiplied by your school's BEDS reported enrollment for the corresponding school year to arrive at a school's current year allocation. Please refer to the [NPSE website](#) for Year 10's current year allocation.

$$\begin{array}{r} \text{Per-Pupil Rate} \\ \times \text{BEDS Enrollments} \\ \hline \text{Current Year Allocation} \end{array}$$

Rollover Allocation

Unused allocations are tracked and available for schools to use in future grant years. Allocation amounts from Years 1-9 that were **not** claimed by a school are Rollover Allocations.

$$\begin{array}{r} \text{Years 1-9 Allocation} \\ - \text{Years 1-9 Reimbursed Claims} \\ \hline \text{Years 1-9 Rollover} \end{array}$$

Allocation Balance

Combining the Current Year Allocation and Rollover Allocation, a school's Allocation Balance can be calculated. This is the maximum amount of reimbursement the school can receive for the Year 10 claim cycle.

$$\begin{array}{r} \text{Year 10 Allocation} \\ + \text{Years 1-9 Rollover (if any)} \\ \hline \text{Allocation Balance} \end{array}$$

Approved, Unreimbursed Expenses (AUE)

Schools may encounter annual eligible expenses that exceed their Current Year Allocation. However, as noted above, schools are reimbursed for expenses up to their Current Year Allocation. For these scenarios, a school may acquire an AUE.

$$\begin{array}{r} \text{Years 1-9 Approved Expenses} \\ - \text{Years 1-9 Allocations} \\ \hline \text{Approved, Unreimbursed Expenses (AUE)} \end{array}$$

AUE's are particularly useful in a claim year where a school's expenses do not meet their Current Year Allocation. In future grant cycles, a school can opt to claim their AUE funds (without having to submit any **new** expense documentation).

Note: An AUE does not represent the state's liability to the school should the school cease to exist.

Claim Options

Claim Option 1: Previously Approved, Unreimbursed Expenditures

- For Year 10, the school wishes to only claim the (previously) approved, unreimbursed expenditures.
- Approved, unreimbursed expenditures (AUEs) **do not** require *additional* information.
- Schools

- Ineligible Building Repair & Remediation Expenses

To access these comprehensive lists, please visit the NPSE website or the **Resources** section of this guidance document.

- The payment was received by the vendor.
- The date and amount of the transaction aligns with the proof of purchase/invoice.

Proof of payment options include the following:

Cancelled Check

Proof of payment in the form of a check requires submission of **BOTH** sides of a cancelled check.

- A cancelled check with only one side is insufficient and **will not** qualify towards the school's reimbursement claim.
- Check notations are insufficient and **will not** qualify towards the school's reimbursement claim.

Detailed Credit Card/Bank Statement or Electronic Transfer

Proof of payment is also accepted as a detailed credit/bank statement or electronic transfer. These submissions must include:

- Name of the school.
- Transaction to be reimbursed (date, vendor name, and amount).
- Please do not send the full statement. Submissions only require the first page and any page listing the qualifying purchases.

Personal Expense Reimbursement, School Employee

Reimbursement of a school employee is not best practice and should be avoided whenever possible. However, NYSED understands that *occasionally* the circumstances may warrant this type of emergency payment process. If the school is submitting a claim that includes reimbursement of a school employee, submissions must consider/include the following:

- School employee reimbursements are limited to one transaction per NPSE claim.
- This type of proof of payment cannot be used for security guards.
- To document the full transaction, proof of payment must include both the employee's detailed bank/credit card statement and the documentation showing the school reimbursed the employee.

- Any time the school is not academically in session (i.e., athletic events, after-school/extracurricular activities, conferences, etc.)

School Employee: Acceptable Invoice/Proof of Purchase

For each eligible employee, a detailed payroll register is required. No other invoice/proof of purchase will be accepted. Please note that ineligible hours include:

- Overtime
- Holiday
- Sick time
- Snow days
- Any other time school is not academically in session (i.e., athletic events, parent teacher events, extracurricular activities, etc.)

Contracted Personnel: Acceptable Proofs of Payment

For each invoice, corresponding proof of payment is required. Specifically, submissions must include:

10. Payment to the vendor was made by the school.
11. Please visit [SEDREF](#) to view current authorized payee name or to make changes.
12. The school used authorized school funds for payment.
13. The payment was received by the vendor.
14. The date and amount of the transaction aligns with the proof of purchase/invoice.

Proof of payments options include the following:

Cancelled Check

Proof of payment in the form of a check requires submission of **BOTH** sides of a cancelled check. A cancelled check with only one side is insufficient and **will not** qualify towards the school's reimbursement claim.

Detailed Credit Card/Bank Statement or Electronic Transfer

Proof of payment is also accepted as a detailed credit/bank statement or electronic transfer. These submissions must include:

- Name of the school
- Transaction to be reimbursed (date, vendor name, and amount)

Personnel Activity Reports (PAR)

- Completed Personnel Activity Report (PAR). See the **Resource** section of this document for more information.

Application Review Period

ORISS is unable to specify a timeline for review. Review times are impacted by a variety of factors, including the level of review of the application and the workload of the office. Please note the grant process involves multiple steps and multiple levels of review.

ACH/Direct Deposit Payment

The Office of the State Comptroller has instituted Automated Clearing House (ACH) as the preferred payment method. This is also referred to as Direct Deposit. We strongly encourage schools which have historically received a reimbursement check to enroll in ACH. ACH payments provide both the sender and receiver with the advantages of improved controls, reduced chances for check fraud, better cash management, and greatly reduced bank charges.

If you are unsure if the institution is enrolled in ACH or for instructions on how to enroll, please refer to the **Getting Started** section of the **Application Instructions** document.
