Sensitive Responses:

Scoring Model Codes

Scoring Model Code	The Scorers for the school's tests include the following:
1. Regional scoring	a) Scorers from three or more school districts, or b) Scorers from two or more charter, religious, or independent schools in an affiliation group (charter, religious, or independent schools may participate in regional scoring with public school districts, and each charter, religious, or independent school may be counted as one district)
2. Schools from two districts*	a) Scorers from two school districts, b) Scorers from two religious or independent schools, c) Scorers from two charter schools, or d) A combination of staff from two of the following: a school district, charter school, religious school, or independent school
3. Three or more schools within a district	Scorers from three or more schools in a district
4. Two schools within a district (PBT only)	Scorers from two schools in a district
5. One school (PBT only)	Three or more Scorers for each grade being scored, all from the same school
6. Private Contractor	Scored by a private contractor (not a BOCES)

*

Regardless of the scoring model being used, a minimum of three Scorers is necessary to score each student's test. However, to comply with a State requirement, none of the Scorers assigned to score a student's test responses may be that student's teacher (refer to "Randomizing and Building PBT Booklet Folders/Boxes" on pages 31–32 for further details).
